

# Smart Snacks in Schools

In conjunction with the Alliance for a Healthier Generation.

Allergens have always been a priority for our company as we strive to produce products that everyone can enjoy. The Hershey Creamery Company understands the importance of providing safe alternatives to individuals with food allergies. Our goal is to make the best products available and we pride ourselves on our variety and quality.

The following list contains allergen information for products that may be distributed through school systems. This list is ever changing as we develop new flavors products. It is imperative that individuals with allergen concerns read our product labels for the most current allergen information.

†PLEASE NOTE: Any product listed as "No†" means that product was made on a line at our production facility that does make products that contain peanuts. However, Hershey's® Ice Cream takes allergens very seriously. Any equipment used to make peanut or nut containing products is thoroughly cleaned before running any non-nut product on the same machinery. Hershey's® Ice Cream regularly tests among the highest ice cream manufacturing facilities when it comes to cleanliness and production standards. These tests are run by independent companies and the results can be supplied if needed. \* - Seasonal Product
